Bleed Area ─ ─ ─ ─
Safe Area ·············
Keep all important graphics (logos and text) in the blue dotted line.

31.5"

142"

NOTES

Please note that because of the way we see light, colours printed with ink on paper look different compared to colours displayed on a computer screen. It is therefore essential that the correct corporate colours be specified by the client before printing. Providing pantone colours ensures that desired colours are printed as close as possible.
