# Modular System -> Setup -> Counter 80

*Note the front and back may come preassembled
Middle side beam has a lip for the shelf

Connect the bottom side beam to the front and back
Slide the graphic panel next,
then the middle shelf beam,
followed by another graphic panel
and then the final top beam,
which has 2 pins sticking out.
Repeat for the opposite side.

 Place the counter top over and through the pins
and secure with caps

Insert shelf
